keeping families connected to culture

TESTIMONIAL

"The Latina Moms Connect Charla I attended opened my eyes. It was breathtaking being able to be open and honest about our upbringing in a judgment-free zone. Many of us have similar backgrounds yet how we are raising our children differs in parenting styles and no matter the differences, we are all mothers trying to do right by our children". - Jessica

TESTIMONIAL

"Latina Moms Connect has been a dream come true. I always dreamed of having a community with whom we can share our Latina cultures and traditions. Participating in the Parranda gave my daughter a taste of one of Puerto Rico's rich traditions and provided her with a sense of community. She loved it! I am thankful and blessed to have found this wonderful organization that validates the richness and pride that I have been trying to instill in my children". -

Rosa
